This novel thought-provoking non-fiction examines how the Musalmans tend to be the victims of the Islamic psyche, shaped by the proclivities of their prophet, vicissitudes of his life, attitudes of his detractors and the

credulity of his followers, which the mechanism of their umma perpetuates. Besides analyzing the psyche of Muhammad and the submission of the Muslims that tend to shape the Islamic ethos of separateness, how this could possibly govern the Muslim psyche is scanned with “I’m Ok – You’re Ok”, the famous work of Thomas A. Harris, with their religious creed from Roland E Miller’s “Muslim Friends—Their Faith and Feeling”, as the probe.

Also, besides depicting the ironies of the faiths that affected the fate of the peoples, eclipsed the cultures of communes, altered the course of history and afflict the politics of the day this book examines how the sanatana dharma came to survive in India, in spite of the combined onslaught of the Christianity and Islam on Hinduism for over a millennium. This is for those who wish to be aware of the follies of their faith and the foibles of others to lighten the burden of dogma and reduce the baggage of prejudice, and is postulated in thirty-four well-structured chapters.
